Unnie's Taste

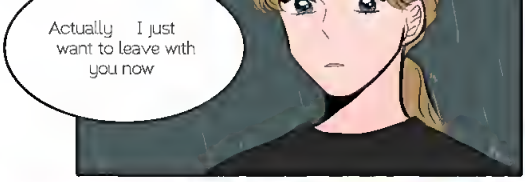
Story by Jang Jin & Com

Unnie, do you want go on a trip?
Travel?
Yes~ To Japan or like Thailand~
Let's go shopping, eat delicious things and walk until we're exhausted.
It would be fun to go with unnie.
I really want to go on a trip with my lover!
Really, do you think it would be fun to go with me?
!
push

Yeah
Of course
Wouldn't it be fun unnie?
But there was no way we could travel together

I thought it would end .. if you gained independence
I thought you'd be free from your family
But that's not true
They'll haunt me for life

I abandoned you but eventually I could hide myself



Actually I just want to leave with you now

It didn't happen then let's go now

Sawaaaaaaaaaaaa

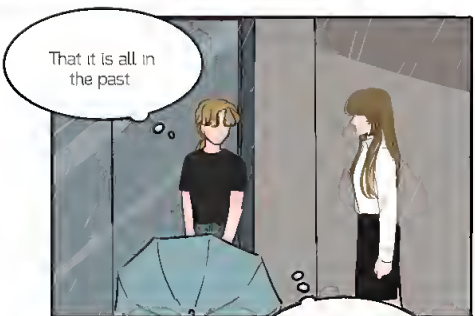
...When she visited my family's home



That it is all in the past

It weaken my relationship with my family

And it was me who accepted it all

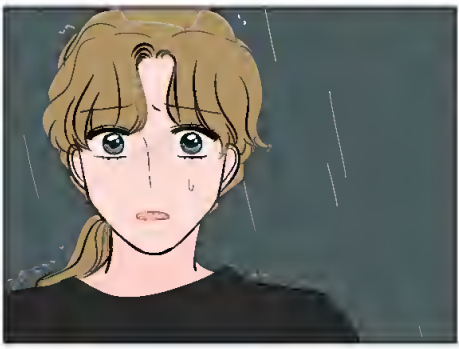
It isn't like the past, you can't go back.

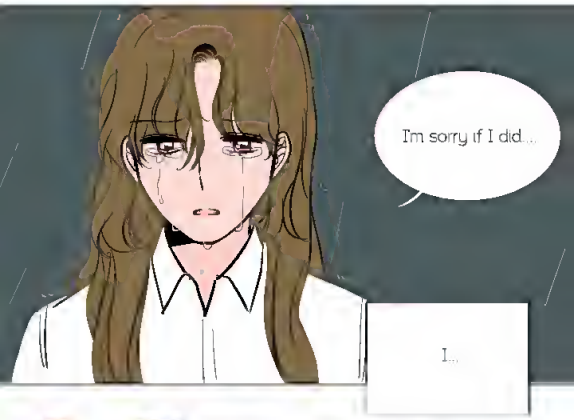
It was so hard for me then so don't try to shift me now

Unnie I don't love you

You do this to me. Its just difficult and painful

I...





I'm sorry if I did...

It's over, isn't it?
So were you going to stay over there?
Teach wasn't polite with you, for example.
When I accidently saw her forcibly kiss you last time!
